ABN: 76 183 835 612  
President: Kristy Butcher  
Canteen Manager: Karen Cachard

## **DDHS P & C BUSINESS PLAN 2015**

DDHS P&C aims to work side by side with DDHS staff, parents and students to assist with the financial and social wellbeing of its students, teachers and the whole of the school community.

The first aspect of this being either total financial support or making up a shortfall for funds required by the school community.

This can only occur after the school finance committee has been approached by group or individual requesting the funding, and then only in writing or electronically to the DDHS P&C Committee. Funding requests will be considered at a DDHS P&C meeting and the outcome will be a result of a whole committee vote.

The second aspect of this commitment is to provide physical support when possible in the form of committee members, parents or community members assisting with school based activities on behalf of DDHS P&C.

We commit to continue in the role of principle fundraising body on behalf of the DDHS school community.

We commit to keeping the DDHS School Canteen open, fully staffed and profitable for the benefit and health of the school community.

We commit to providing relevant financials and meeting information including meeting minutes for scrutiny when required.

This is our sincere pledge.  
DDHS P&C Committee
