DDHS Homework Guidelines

Homework can support higher levels of student achievement by extending the time available for students to consolidate skills and concepts learned at school. It also extends the time available for the exploration of new ideas and new situations. Homework can also be a means of furthering school-home relationships and can assist in keeping parents informed about the student’s learning program and progress.

At Dongara DHS we believe homework should:

- Support the development of the student’s independence as a lifelong learner.
- Be appropriate for the student’s level of development – consolidating and applying current learning.
- Strengthen the school-home partnership in supporting learning.
- Be able to be completed independently, (perhaps with the student seeking support by showing problem solving initiative).
- Acknowledge the range of resources available to students.
- Acknowledge extra curricula commitments outside school hours.
- Gradually phase in over the years.
- Receive acknowledgment and recognition (by the teacher).
- Contribute positively towards motivating learning at all times.

Student’s Role

- Attend to instructions about homework provided by the classroom teacher.
- Demonstrate initiative and problem solving skills when attempting and completing homework.
- Accept the importance of homework in reinforcing learning skills taught in the classroom.
- Demonstrate responsibility by caring for materials required to complete homework, such as home readers, pencils, pens and the like.
- Submit homework according to the instructions of the teacher.
- Communicate as required with parents and share homework with them as appropriate.
- Communication Diary (year 5-12) is shared with parents.
